MEMORANDUM

3 10 0040

SUBJECT: ESD Document Review: Draft RI Report,
McIntosh Plant Site, Olin Corporation,
McIntosh, Alabama; ESD Project No. 93E-240

3672

FROM: Bruce Ferguson
Hazardous Waste Section
Environmental Compliance Branch
Environmental Services Division

TO: Cheryl Smith, RPM
AL/GA/MS Remedial Section
South Superfund Remedial Branch
Waste Management Division

THRU: William R. Bokey, Chief
Hazardous Waste Section
Environmental Compliance Branch
Environmental Services Division

The review of Sections 1 and 2 of the subject document for the above facility has been completed and ESD has the following comments.

- Section 2.1.1, page 2-7, states dissolved metals samples were filtered. It further indicates total metals analyses were conducted. Were total metals run on the filtered sample or was another sample collected for total metal analyses?

- References to the EPA SOP should read U.S. Environmental Protection Agency, Environmental Compliance Branch Standard Operating Procedures and Quality Assurance Manual, February 1991 (ECBSOPQAM).

If you have any questions regarding this review, please contact me at 706-546-3628. The document is being returned for your files.
